**OPENEC SUBSIDIARY i-PLEXUS SIGNS NEW CHANNEL REVENUE CONTRACTS WITH
THREE US HEALTHCARE SOFTWARE COMPANIES
SOREN TECHNOLOGY, LEVEL 3 MPS AND VISIONS HOME HEALTH**

North Vancouver, BC – Open EC Technologies, Inc. (“Open EC” or the “Company”) (TSX-V: OCE) is pleased to announce several new contracts and sales growth for its subsidiary, i-Plexus Solutions (“iPlexus”) www.iPlexus.net

The Company has signed three separate recurring revenue channel agreements with Soren Technology, Level 3 MPS and Visions Home Health to supply their customer installations with the i-Plexus Medical Claims and Payment Processing Transaction Service for medical services claims submission to over 1,500 Health Insurance Companies in the US.

Martyn Armstrong, CEO of Open EC states: “We are pleased to have these well-established leaders in the HealthCare Practice Management and Electronic Health Record Software sector to participate in our revenue development channel programs and to further validate our exceptional technology solutions. i-Plexus claim processing and revenue management solutions provide their software installation customers with reliable claims and payment processing that improve the Accounts Receivable payment cycle and reduces the number of rejected claims, which results in improved cash flow for the HealthCare Practice. Ultimately this moves both OpenEC and our channel partner forward in capturing more market share of the multi-billion dollar healthcare processing business.”

Soren Technology (<http://www.sorentech.com/>) **Ft Lauderdale, Florida** works with health care providers to establish the best solution for collaboration, ACO (Accountable Care Organizations) and specialists. Soren Technology’s web-based platform is focused on ease of use and rapid deployment and is ONC certified for meaningful use. i-Plexus is selected as the solution’s Claim Processing, Payment Remittance & Insurance Eligibility Service.

Level 3 Medical Practice Solutions (www.level3mps.com) **Pittsburgh, Pennsylvania** is an innovative Medical Practice integrated PM/EMR/EHR software company focused on providing sensible solutions to medical practitioners in musculoskeletal practices i.e. Pain Management, Addiction, Chiropractors, Physical Therapists and Orthopaedic Surgeons throughout the US and Canadian health care markets. Level 3’s expertise evolves from having worked with over 100 hospitals, 2000 orthopaedic surgeons as well as hundreds of physical therapy clinics. The EMR PatientVu application has been the market leader for over 8 years in the Pain Management and Addiction market vertical in Canada. i-Plexus is selected as the solution’s Claim Processing, Payment Remittance & Insurance Eligibility Service.

Visions Home Health (www.ast-visions.com) **Casselberry, Florida** is a comprehensive software package that is created for, and affordable to, all home healthcare agencies. VISIONS Home Health performs most of the major functions associated with home healthcare administration with ease. From clinical, scheduling, billing, and payroll. i-Plexus is selected as the solution’s Claim Processing, Payment Remittance & Insurance Eligibility Service.
